

SPONSOR ROBOTICS AT UHS

UHS Robotics is a place where ideas are born, leaders are shaped, and skills are learned.

TEAM 3652

UHS Robotics 

Unionville High School | 2023

WHO WE ARE

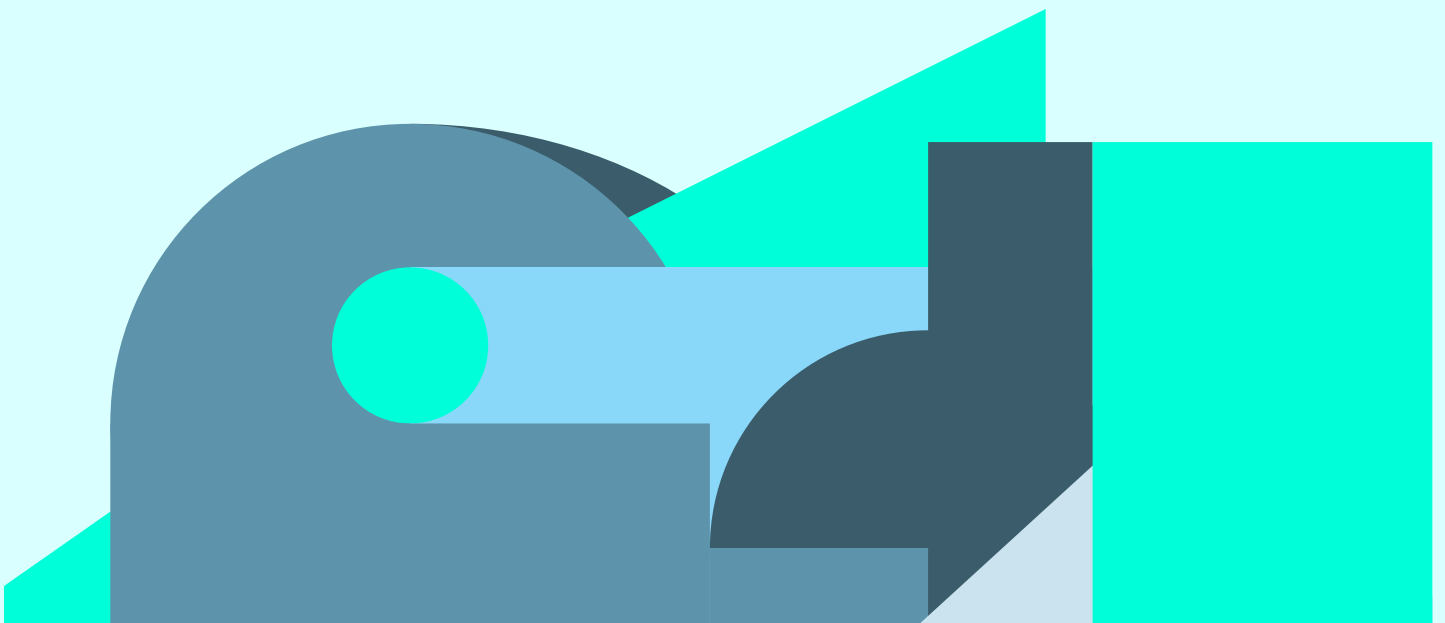

UHS Robotics 

Welcome to UHS Robotics!
The Unionville High School Robotics Team has dedicated time, passion, and diligence in pursuits of excellence since our establishment in 1994, gaining recognition through

numerous prestigious awards, such as the Canadian Robotics First Place President's Award and the Silver Award in York Region Skills Robotics Championship.

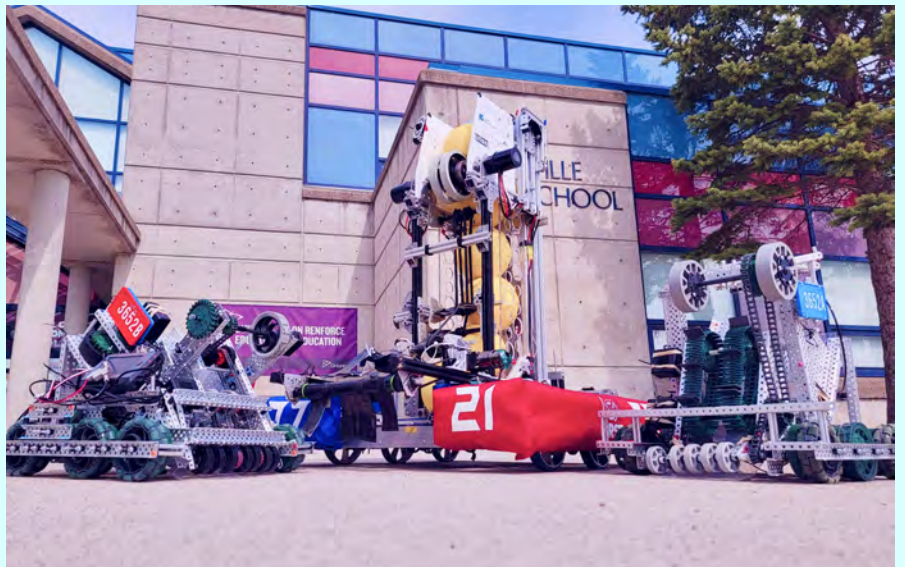

We extend a friendly invitation for you to join us as we continue to demonstrate our commitment and love for robotics.

OUR MISSION

Our mission is to offer a platform for exploration in STEM fields while harnessing the enthusiasm and passion of students through hands-on engineering experiences. At UHS Robotics, we strive to create a community that empowers individuals to make influential decisions. We believe in fostering bright young minds to become future leaders and innovators of our world.

PLAN

Our hope for this year is to compete in First Robotics Competition, VEX Robotics Competition, and Ontario Skills Competition. As a team filled with commitment, passion, and teamwork, we aspire to push the boundaries of robotics, ready to face anything together.
